Analysis for Beginners

A FIRST COURSE IN RIGOROUS CALCULUS

An abstract graphic on a dark blue background. It features several thin, curved lines in light blue and orange. A prominent white line curves upwards from the bottom left towards the top right. Another orange line curves downwards from the top left towards the bottom right. There are several small white and orange dots scattered across the graphic, some appearing to be on the lines. The overall style is minimalist and mathematical.
$$\lim x_n = L$$
